

INVASION TROOPS MOVING INLAND

INVASION TROOPS MOVING INLAND ON TOE ITALIAN BOOT

RESISTANCE GENERALLY CONTINUES WEAK AND MANY TOWNS OCCUPIED

By ALTON L. BLAKESLEE
Associated Press War Editor.

Allied invasion forces knifing 10 miles inland from their 40-mile bridgehead in Italy have seized Santo Stefano, D'Aspromonte, rolling axis troops up the slopes of the Aspromonte (bitter) mountains, taken 3,000 prisoners, it was announced today.

Santo Stefano fell in a thrust near the center line of the commando-aided, four-day-old invasion that is spearheading farther along the coast and has overrun more than 40 villages and towns.

Save for some enemy tanks, resistance continues weak, but widespread demolitions slowed the advance, allied headquarters reported.

A bold Australian-American sea hop onto Huon Peninsula in New Guinea brought nearer the doom of Japanese troops in the Lae-Salamaua sector, and might have allied blows were struck by air upon Germany, and by the Red armies in Russia.

Lugging block-buster bombs, RAF air fleets hammered the war centers of Mannheim and Ludwigshafen in the Rhineland last night, and new formations attacked by daylight with Berlin first announcing U. S. bomber assaults upon southern Germany.

Russians Advance.

Soviet armies have plunged with 13 miles of the steel city of Stalingrad in south Russia, and that 12th largest Russian city was reported aflame as the nazis carried out demolitions. Moscow declared the Germans were retreating on a 600-mile front from the Sea of Azov to the Smolensk sector.

The allied Italian beachhead extends from Meito, rounding the southern tip of the toe, to the Bagnara above the northern tip.

Bagnara was seized by commandos in a sea pincer, a tactic receiving ever stronger emphasis in allied strategy.

The allied air pummeling continued in heavy weight. Big bombers smashed Viterbo, about 50 miles north of Rome yesterday, and other bombers and fighters struck airfields and railways from the Naples area south.

Thirty-four bombers and one other plane were lost in the Mannheim-Ludwigshafen smash and other raids on airfields in northern France and Belgium, London said.

BOARD EDUCATION ADOPTS BUDGET FOR OPERATION SCHOOLS

INCREASED EXPENDITURES INDICATED FOR 1943-44 SESSIONS

A budget calling for the expenditure of \$166,501 for operation of the Corsicana public schools for 1943-44 was adopted at a called meeting of the board of education Saturday afternoon.

The budget is \$10,191 higher than the 1942-43 budget of \$156,310 and \$11,718 higher than actual expenditures of \$154,783 for last year.

Money for operation of the schools will come from 20 principal sources, an estimated \$81,032 from the state per capita apportionment of \$24.35 based on 3,321 scholars, and an estimated \$60,000 from current local maintenance taxes.

Other Revenue Sources.
Other sources of revenue include an estimated \$5,000 from high school tuition, \$1,000 from transportation, \$8,000 from local delinquent taxes, \$1,500 from tuition and transportation paid by students, and \$4,500 for tuition and transportation paid by other local districts.

Salaries and teaching supplies for the coming year amount to \$9,691 of the \$10,191 increase over previous budget. This instructional service will cost \$125,601, as compared with \$115,949 in last year's budget and \$110,948 actually spent for this item last year.

Plant Operation.
Next highest increase will be for operation of the school plants, which is up \$2,100 to \$18,000 from the \$15,900 proposed in last year's budget. A total of \$15,905 was actually spent for this item last year.

The only other increase is listed under general control which includes educational and business administration, and clerical workers. This figure is up \$500 to \$9,200 from \$8,700 in the 1942-43 budget. Expenditures for this item last year amounted to \$9,040.

Capital outlay for new buildings and equipment calls for \$5,000 this year, or \$1,500 less than the \$6,500

Germans Reported Preparing Block Invasion France

By ERNEST AGNEW

LONDON, Sept. 6.—(P)—German military authorities, apparently fearful of an allied invasion thrust into Southern France, were reported today to have cleared all civilians from a 50-mile strip of the French coastline between Narbonne and Montpellier and to be rushing the construction of additional fortifications in that area.

The cleared area, extending back 10 miles from the sea, is in a flat, sandy sector of the coast which would lend itself naturally to landings operations.

In addition to the measures being taken in this area the Germans were said to have sent 5,000 to 10,000 engineers to Marseille and Toulon to strengthen fortifications in those ports.

Field Marshal General Karl Rudolf Gerd Von Rundstedt, 67-year-old German commander-in-chief in Western Europe, who led the nazis into Poland and carried out the breakthrough at Sedan in France in 1940, has his headquarters at Montpellier, where he is said to be directing the anti-invasion preparations.

It is believed that an allied landing in Southern France, however, would draw quick support from some 200,000 Frenchmen who allyman, and by the Red armies in Russia.

Lugging block-buster bombs, RAF air fleets hammered the war centers of Mannheim and Ludwigshafen in the Rhineland last night, and new formations attacked by daylight with Berlin first announcing U. S. bomber assaults upon southern Germany.

SPECIAL WRITER IN STOCKHOLM SAYS GERMANS CRACKING NAZI HOME FRONT IN COMPLETE MORAL DISOLUTION IS CLAIM

BALTIMORE, Sept. 6.—(P)—The Baltimore Sun reported today in a special dispatch from Stockholm that "the German home front now is in complete moral dissolution."

"It may be impossible now to purchase a pair of shoes or a hat," the paper said, "but the citizens of Corsicana can wear something to color to their attire, it is nothing but red bandana handkerchiefs around their necks."

The parade, according to Prince, will start promptly at 11 a. m. next Tuesday, making up at Second avenue and Main street. The line of march will be from Second avenue south on Main street to Seventh avenue, east on Seventh avenue to Beaton street, north on Beaton street to Third avenue, east to Third avenue to

TWIN WAR-FACTORY CITIES ON RHINE ARE HEAVILY BLASTED

LONDON, Sept. 6.—(P)—RAF bombers in "very great strength"—probably 700 or more four-engined giants carrying 1,000 to 1,500 long tons of bombs—tumbled the twin war-factory cities of Mannheim and Ludwigshafen on the Rhine into smoking ruin last night, and the Berlin radio reported that American bombers were following up with daylight attacks in Southwestern Germany.

The channel sky was filled all morning with large formations of aircraft as the allies began their fifth successive day of around-the-clock assaults. Four large attacks apparently were carried out before 8 a. m. among the aircraft going over were American Raiders.

The Berlin broadcasts said the American bomber formations were attacking over northern France by German fighters and that heavy losses were inflicted on the raiders.

"With horror they asked whether Germany was driving in rapid steps. The people, they say, have lost faith in everything and Himmler (head of the Gestapo) was not able to make the home front stronger through terror because of the degrading of morale."

"Stalingrad broke Hitler's glory and since then the leader in some way has disappeared and the people have not heard a single word from his mouth."

"Many millions of people who have lost everything x x x are observing with disgust that the East Germans still are not feeling many of the hardships which have been opened before them."

ESTABLISHMENT OF BIG BEND NATIONAL PARK NOW REALITY

ONLY FEW LEGAL FORMALITIES REMAIN AS DEED PRESENTED SUNDAY

By DAVE CHAVEZ
ALPINE, Sept. 6.—(P)—Establishment of the Big Bend National Park today became a reality except for execution of a few legal formalities.

Gov. Coke Stevenson of Texas yesterday handed over title to the 700,000-acre tract long known as the last frontier to the federal government, while a national park official predicted that some day in the future, touring Americans would flock in droves to Persimmon Gap, Panther Draw and Shot Tower Peak.

Both the Texas governor and M. R. Tillson, regional director of the national park service, foresaw the day not too far distant when Mexico joins the United States in establishing an international park as a symbol of unity between the republics.

Stevenson, who stopped here for the simple ceremony enroute to El Paso where he will cross the Rio Grande into Mexico tomorrow on the start of a seven

COLORFUL PARADE OPENING EVENT OF LOCAL FAIR, RODEO

DOWNTOWN SECTION BEING DECORATED—ADVANCE TICKET SALE START

With a little more than a week to go before the opening of the 1943 edition of the Food for Freedom Exposition and Rodeo Tuesday, Sept. 14, preparations were going forward Monday at a lively clip, according to various committee chairmen.

Two box offices were opened downtown Saturday for the advance sale of tickets. Purchasers have the added inducement of getting a front gate ticket free with every rodeo grandstand or box seat ticket purchased before the opening night.

Members of the fire department and employees of the Texas Power and Light Company were putting up street decorations Monday under the direction of Fred D. Prince.

Prince is also in charge of the parade and regalia.

He asked everyone to wear their cowboy boots, hats, or anything else adding a colorful touch to their attire as they go about their business from now until the closing of the exposition and rodeo.

"It may be impossible now to purchase a pair of shoes or a hat," Prince said, "but the citizens of Corsicana can wear something to color to their attire, it is nothing but red bandana handkerchiefs around their necks."

The parade, according to Prince, will start promptly at 11 a. m. next Tuesday, making up at Second avenue and Main street. The line of march will be from Second avenue south on Main street to Seventh avenue, east on Seventh avenue to Beaton street, north on Beaton street to Third avenue, east to Third avenue to

DEWEY'S PROPOSAL POST-WAR ALLIANCE STIRS REPUBLICANS

By D. HAROLD OLIVER
MACKINAC ISLAND, Mich., Sept. 6.—(P)—A proposal by Gov. Thomas E. Dewey of New York that the United States and Great Britain form a post-war military alliance cleared the ranks of the republican post-war advisory council today as it began writing suggestions for a 1944 party platform.

The 49-member council made up of governors, members of congress, and other party leaders heard National Committee Chairman Harrison E. Spangler open the session with an appeal for a "forthright" foreign policy declaration and an attack on the "vague, lost motion, confusion and incompetence" of President Roosevelt's direction of civilian activities.

But their ears were still attuned to reverberations from a side controversy stirred by Dewey, a council member, when he declared for a military alliance with Britain at a press conference yesterday.

Senator Robert A. Taft of Ohio jumped on the issue, but refused to speak. He called it imperial.

RUSSIAN FORCES REPORTED WITHIN 3 MILES STALINO

AXIS WITHDRAWAL ALONG 600-MILE FRONT REPORTED BY SOVIETS

LONDON, Sept. 6.—(P)—Soviet forces were reported by the Moscow radio today to have closed in to within three miles of burning Stalino, key to the German position in the Donets Basin.

A broadcast by Col. Adreiev, a Tass military observer, said that "one group of Soviet troops is now three miles east" of the threatened city.

The Russian midnight communique broadcast from Moscow announced that axis forces were withdrawing along a 600-mile front to within three miles of the Sea of Azov north to the Smolensk sector. In some localities the Russians said, Red army units have stabbed as much as nine miles deeper into German-held territory.

Two hundred and fifty towns fell to the Russians yesterday, the war bulletin said, bringing the bag for the most important week of fighting in the Soviet summer offensive to 1,500.

In the Donets basin one Red unit battled its way into Khartysk, 15 miles east of Stalino, and another captured Artemovsk, 42 miles north.

In the Bryansk sector Russian spearheads aiming for the Desna river advanced nine miles and captured 50 villages.

Bitter fighting took place south of the city.

JAPANESE FORCES IN LAE-SALAMAU AREA VIRTUALLY TRAPPED

VETERAN AUSTRALIAN TROOPS UNDER GEN. MACARTHUR IN ADVANCE

By VERN HAUGLAND
ALLIED HEADQUARTERS in the Southwest Pacific, Sept. 6.—(P)—Veteran Australian troops under General Douglas MacArthur's command have advanced eight to 10 miles in a battle plan which has already virtually trapped the Japanese in the Lae-Salamau area of New Guinea.

The gains were scored Saturday after Allied forces moved across the Huon Gulf in the strongest force of men and ships ever employed in a purely offensive operation in the Southwest Pacific theater.

Protected by formidable formations of air and sea craft, which beat off a determined Japanese aerial challenge and blasted the enemy's coastal defenses, the Australians gained beachheads on both shores of the Huon Gulf. The invasion force immediately struck inland to cut the enemy's land links connecting the main chain of Japanese bases in northern New Guinea from its southern anchor at Lae.

An army spokesman said the Australians encountered ground resistance at only two points. Japanese troops showed some opposition in the vicinity of one of the two beachheads which were established Saturday and also near Singaua plantation which was approximately 10 miles east of Lae. Progress likewise was being

CHAIRMAN BUTLER ANNOUNCES QUOTAS FOR COUNTY TOWNS

THIRD WAR LOAN DRIVE TO BE LAUNCHED HERE SEPTEMBER 9TH

Quotas and chairmen for each town in Navarro county in connection with the Third War Loan Drive to raise 15 billion dollars were announced Monday by Joe E. Butler, county chairman.

"If Navarro county is to raise its quota of \$3,082,700 it will be necessary for every household in the county to buy at least one \$100 bond," Chairman Butler said.

Three Times Larger.
"The quota for every town in the county is approximately three times greater than it was during the Victory Loan drive, since the county's quota is more than three times larger than the previous quota," he said.

Corsicana, combined with Emhouse and Angus, top the list with a total quota for the Third Drive of \$2,204,000, Chairman Butler explained. He had not appointed a Corsicana chairman, but promised to do so within the next day or two.

"It is likely that we will cover Corsicana with a group of committees," he said, "and the responsibility upon the shoulders of one man," he pointed out.

County Quotas.
Following are the chairmen and quotas of the other county towns, as announced by Chairman Butler: Blooming Grove, Bruce McCormick, \$75,000.

Dawson, M. Newton, \$150,000. Frost, J. B. Shaw, \$114,000. Kerens, Bazette and Rural Shade, R. P. Walker, \$210,000. Powell, Sylvan Stucker, \$30,000. Rice and Tupelo, A. C. Hervey, \$70,000.

Richland, Jim Richards, \$90,000. Pursley, Fred Copeland, \$12,000. Eureka and Mildred, A. C. Choate, \$24,000.

Barry, G. A. Bell, \$27,000. Navarro, Clint Fry, \$9,000. Roane and Montfort John J. Bryant, \$15,000.

Chatfield, Earl Easterling, \$9,000. Corbet, Newton Roman \$47,000. Purdon, Dr. W. R. Russell, \$39,000.

BEST WAY GETTING BACK ON PEACETIME INDUSTRY DEBATED

WASHINGTON, Sept. 6.—(P)—Good news from the battle fronts has touched off a lively debate on Capitol Hill over the best methods of getting American industry back on a peacetime footing after the last shot has been fired.

The house ways and means committee will start public hearings Thursday on the broad question of war contract renegotiation.

A prime issue is whether manufacturing now holding government contracts should be permitted to build up sufficient profit reserves to enable them to shift back quickly to civilian production. Purpose of the renegotiation law was to prevent "excessive" profits, and the congressional farm bloc is keeping a wary eye on what Chairman Finner (D-S.C.) of the house agricultural committee calls the "large, monopolistic groups."

Rep. Everharter (D-Pa.) came forward today with an "insurance-risk" plan for financing post-war reconversion, with the federal government guaranteeing up to 15 per cent of business loans advanced to private banking institutions.

From Senator Radcliffe (D-Md.) came a plea for a gradual demobilization of war industry when the time comes. Any precipitate slashing of payrolls and cancellation of contracts, he said, would cause "misery."

A PLEASANT SIGHT FOR ALLIED EYES—Wrecked Japanese Zero planes piled up on the beach at Kiska Harbor are examined by U. S. troops after they landed Aug. 16 to find the Japanese gone.

Major J. F. Lumsden Awarded Air Medal Oak Leaf Cluster

Major J. Frank Lumsden, U. S. Army Air Forces, former Corsicana resident, now an active duty in the North Africa theatre of war and participating in the Sicilian invasion, has been awarded the Air Medal and Oak Leaf Cluster, according to information received by relatives here.

The citation making the award reads in part: "For meritorious achievement while participating in a night aerial flight as member of a combat crew, in unescorted, unarmored, and unescorted Troop Carrier Aircraft, at an altitude of less than 500 feet under adverse flying conditions, over enemy-held terrain while receiving hostile ground fire. The skill and courage, the devotion to duty, exemplified by each individual, contributed in a large degree to the successful dropping of paratroops over designated dropping zones x x x reflects great credit."

The citation is signed by Paul L. Williams, Brigadier General, U. S. A., Commanding.

Lumsden is a nephew of Lowry and Boyce Martin and is a graduate of the Corsicana high school.

CHURCHILL GIVEN DEGREE MONDAY BY HARVARD UNIVERSITY

SAYS PRICE OF GREATNESS IS RESPONSIBILITY IN SPEAKING OF U. S.

CAMBRIDGE, Mass., Sept. 6.—(P)—Asserting that "the price of greatness is responsibility," Prime Minister Winston Churchill declared today that the United States could not "rise to be, in many ways, the leading community in a civilized world without being involved in its problems."

Accepting an honorary doctorate of law from Harvard University, the British war leader said that "the people of the United States had remained in a mediocre station, struggling with the wilderness, absorbed in their own affairs, and a factor of no consequence in the movements of the world, until they had remained forgotten and undisturbed, beyond their protecting ocean."

But the fact that his nation has become a leader of the civilized world, he said, was an explanation why the United States has twice become involved in war during his own lifetime by "the long arm of destiny" reaching across the ocean.

"There was no use saying, 'we don't want it, we won't have it. Our forbears left Europe to avoid these quarrels. We founded a new world which has no contact with the old.' There was no use in that. The long arm reaches out remorselessly and everyone sees the distant environment and our work undergo a swift and irresistible change."

Churchill declared that "one cannot rise to be, in many ways, the leading community in a civilized world without being involved in its problems, without being convulsed by its agonies and inspired by its causes."

To become indisputable.
"If this has been proved in the past, as it has been, it will become indisputable in the future."

ADVANCING ALLIED FORCES IN ITALY TAKE SANTO STEFANO

EXTENSIVE DEMOLITIONS AND RUGGED TERRAIN SLOWS ADVANCE

By EDWARD KENNEDY
ALLIED HEADQUARTERS in North Africa, Sept. 6.—(P)—British-Canadian invading forces have pushed slowly and surely along the coast road of the Italian toe and cut a salient 10 miles inland to Santo Stefano, D'Aspromonte, it was announced today from allied headquarters.

Three thousand prisoners have been taken in the advance which has advanced eastward of Bagnara on the Tyrrhenian shore and beyond Medito on the Ionian shore, it was stated, while the inland spearhead has reached the Aspromonte (bitter) mountain—the great elevation of the Sila range.

A number of villages fell into the hands of the allied forces, including Calanna, San Roberto, Flumara, Santa Lucia, Rosali, San Rocco, Musulla, Laganadi, and Santo Alessio.

Among booty falling into British hands were three locomotives and 100 railroad cars all capable of being used.

San Stefano, North east of Reggio Calabria, is an island from the Calabrian coast in mountainous territory.

Heavy Demolitions.
The communiques said the advances yesterday were carried out "in spite of very extensive demolitions" left behind by the retreating enemy.

"The mountainous nature of the country is also of great assistance to the enemy in his defensive, particularly in the center of the front," the headquarters announced.

Columns fanning out in both directions along the coast have occupied more than 40 miles of shoreline.

A headquarters spokesman announced that the inland highway from Reggio Calabria to San Stefano has been brought under control of the invading troops, "giving the invading forces an effective salient in this area."

During "limited advances" made yesterday, the Eighth Army was reported to have captured a quantity of valuable railway material still in working order. Some enemy tanks were encountered.

Populace Friendly.
"Otherwise resistance continues relatively weak," the spokesman said, adding: "Elements east of Bagnara and

CORSICANA POSTAL RECEIPTS INCREASE ALONG WITH OTHERS

AUSTIN, Sept. 3.—(AP)—Texas postal receipts totaled \$2,014,460 in July, an increase of \$13,890, or 0.7 percent, over the \$1,980,570 collected for the same month a year ago, the University of Texas Bureau of Business Research reports.

Dallas led other Texas cities, with \$442,656 in receipts compared with \$395,156 last year.

Others (latest figure first): Abilene \$27,487 and \$28,377; Amarillo \$31,347 and \$41,994; Austin \$96,651 and \$85,294; Beaumont \$43,627 and \$34,569; Big Spring \$9,768 and \$8,067; Brownsville \$10,553 and \$7,362; Corpus Christi \$57,183 and \$43,227; Corsicana \$9,331 and \$7,342; Denison \$8,456 and \$7,066; Galveston \$45,236 and \$38,665; Harlingen \$10,225 and \$7,824; Lubbock \$20,274 and \$23,938; Lufkin \$6,393 and \$5,492; McAllen \$6,367 and \$5,136; Marshall \$9,214 and \$9,160; Palestine \$6,510 and \$6,260; Pampa \$3,251 and \$3,228; Paris \$18,481 and \$18,967; Plainview \$5,105 and \$4,146; Port Arthur \$22,900 and \$17,658; San Angelo \$19,436 and \$15,722; Sherman \$10,422 and \$8,765; Temple \$14,232 and \$9,757; Texarkana \$22,011 and \$19,960; Tyler \$23,933 and \$16,508; Waco \$43,762 and \$46,675; Wichita Falls \$44,159 and \$38,226.

Mrs. H. W. Hoffer and children visited her parents Mr. and Mrs. E. H. Clark in Kaufman during the week-end.

Information From
Navarro County
Rationing Board

Since dove season is in full swing, Navarro county many inquiries have been made concerning obtaining shells, do not go to your local rationing board when there but contact the War Production Board office, Mercantile Building, Dallas. Ammunition is not rationed and is not included in Navarro county war price and rationing board's list of rationed goods, but it is controlled by the War Production Board.

War ration book 3 applications should be turned into the local board immediately, as this book will go into use on Sept. 12.

Time Extended.
The date for mailing of military applications for war ration book 3 has been extended from August 31 through September 11 under an agreement reached with the armed services. Present procedure is continued, but beginning September 12 military applicants will apply to the local board and after the applications are completed, they will be mailed by the board to the OPA Mailing Center, Chicago, Ill. One military file will be maintained there for the entire United States.

Books will be returned directly to the military applicants from Chicago by mail. This will expedite the checking and issuance of the books to eligible applicants.

Automobiles.
A total of 40,000 new passenger automobiles will be available for rationing in September. OPA headquarters in Washington announces. This is a decrease of approximately 5,000 cars from the quota available in August and represents seasonal fluctuations in demand for new cars. It was explained. In addition, a total of 12,000 cars will be held in reserve to be drawn upon to fill demands that may develop in excess of the quotas. The quotas and reserves assigned to Texas are: Quotas—2,632; reserves—397.

Blue stamps U. S. and W in war ration book 2, valid on Sept. 1, will remain good for buying processed foods through October 20. This will keep in effect the plan announced last month of allowing consumers a period of one month plus 20 days in which to spend each set of ration stamps.

Processed Foods.
Stamp R. S. and T, valid on August 1, will be good through September 20, so that consumers will have six sets of blue ration stamps, all those letters R through W inclusive, with which to buy processed foods during the first 20 days of September.

Allowing housewives a longer period in which to spend their rationed food stamps should make it easier to plan purchases of rationed foods. Expired stamps which are not used should be promptly destroyed.

The brown "point stamps" in war ration book 3 will become valid at 12:01 a. m. Sunday, Sept. 12, 1943. They will be used for rationing meat, oil, fat, canned fish, cheese, canned milk and all other commodities now rationed with red stamps in war ration book 2.

The brown stamps will become valid on successive Sundays, as has been the case with stamps in the past, and they will expire always on the Saturday nearest the end of the month.

Between Sept. 12, when the first series of brown stamps go into use, and Oct. 2, when the final sets of red stamps expire, both red and brown stamps will be used for purchases. After October 2, only the brown stamps in war ration book 3 will be used for purchases of meats, fats, and rationed dairy products.

Mechanic Learner
Examination Has
Been Re-Opened

The mechanic learner examination was re-opened today, according to information received here by W. L. Kirk, local civil service secretary.

"Men and women 16 years old and up without special qualifications may take this mechanical aptitude test, and if they pass it they will be placed on a list of eligibles from which mechanic learner positions will be filled in various federal agencies," Kirk said.

Mechanic learners will be trained in various technical fields at salaries ranging from \$900 to \$1200 a year plus overtime.

Applications may be secured at any of the government employment offices and should be filed immediately with the director, Tenth U. S. Civil Service Region, 210 South Harwood, Dallas 1, Texas or with W. L. Kirk at the Post Office.

Allie Mae Comer has gone home from the P. and S. Hospital.

WALTER K. BOYD, FORMER PUBLISHER OF MEXIA NEWS, DIES

Funeral services for Walter K. Boyd, age 62 years, who died at his home in Mexia Sunday, were held from the First Methodist church there Monday afternoon at 4 o'clock. Rev. C. O. Shugart conducted the rites and interment was in the Mexia cemetery.

Boyd was publisher of the Mexia Evening News for 15 years, having sold his interest in the paper a few years ago. After selling the newspaper he entered the mercantile business in which he was engaged at the time of his death.

Surviving are his wife, Maxine, a son, Walter K. Boyd, Jr., U. S. Army Air Corps; a brother, John R. Boyd, Enterprise, Miss., and other relatives.

SENIOR HI SCHOOL STUDENTS URGED TO REGISTER PROMPTLY

R. A. Armistead, high school principal, Monday urged all senior high school students to report for registration Tuesday, Wednesday and Thursday mornings at 8:30 in the school cafeteria.

Seniors will report Tuesday, juniors Wednesday, and sophomores Thursday, according to the schedule drawn up by Principal Armistead.

"If students are out of town on those days, they should report as soon as possible but not in advance of their schedule," the principal said.

Students new to Corsicana should have their report cards or transcripts to aid in their classification. For their own convenience they should bring a pencil," he said.

Rep. Luther Johnson
And Mrs. Johnson Are
Back From West

Congressman and Mrs. Luther Johnson have returned from a vacation trip to various points in New Mexico, as guests of Mr. and Mrs. Arch Underwood of Lubbock.

Other members of the party were Congressman and Mrs. Poage of Waco, and Congressman and Mrs. George Mahan of Lubbock.

Highlights of their ten-day vacation were visits to a dude ranch, and Indian reservation, and artists' colonies, and side-trips into the highways and byways of New Mexico, with headquarters at the LaFonda Hotel in Santa Fe. They were joined one evening for dinner by Gov. and Mrs. Dempsey of New Mexico.

Some time at Albuquerque. Congressman and Mrs. Johnson report that the weather was delightfully cool, and that they enjoyed the famous brandy. Arch Underwood hospitality to the full extent.

Surviving are six children, two sisters, a brother and two half-brothers. One half-brother, Henry Shaw, resides in Corsicana.

Negro Laborer Met

Accidental Death

A negro laborer engaged in the unloading of pipe from a freight car on the Southern Pacific Lines at Rice was killed Monday morning. It was learned here. The body was brought to a local negro undertaking establishment, but his name was not immediately available. The victim resides in Longview, it was stated.

Information reaching here from Rice indicated the laborer was standing in the end of a car of pipe when it bumped another car, causing the pipe to slip and crush him against the end of the car.

The pipe, it was stated, was being unloaded for use by the Sun Oil Company in northeast Navarro county. It was not known here whether the victim was employed by the railroad or by the oil company.

Box Supper

There will be a box supper at the Streetman school building next Friday night, Sept. 10, for the benefit of the Birdston Cemetery.

Miss Harriett Marie Willford of San Angelo visited her parents, Mr. and Mrs. Carl Willford this past weekend.

LITTLE CHANGE IN BUDGET ADOPTED FOLLOWING HEARING

Navarro county commissioners court Friday afternoon adopted the 1944 budget for departmental expenditures with only one change made in the figures as presented at the public hearing Tuesday. That item was the inclusion of \$600 for the county's part in securing the services of an assistant county home demonstration agent to work with Miss Vera Sneed, county home demonstration agent. The state will put up \$1,200 for the work.

The budget as adopted aggregates \$310,625 for the general, salary, road and bridge, permanent improvement and jury funds but does not include the road district bonds, school and levee districts.

E. D. McCormick, county judge, who had been ill for the past several weeks was back at his office Friday afternoon and presided at the meeting.

Assistant Home Agent. On motion by Commissioner Drew Gillen, seconded by Commissioner im Taylor, the addition of the \$600 for the assistant county home agent's salary was passed with three ayes—Gillen, Taylor and Commissioner L. M. Seale, while Commissioner Fred M. Copeland cast a negative vote on the measure.

The budget as submitted and read at the hearing provided for raises in salaries of various offices of the courthouse, aggregating approximately \$3,600 per year. A motion by Copeland, seconded by Gillen, to reduce the deputy salary figures in the budget back to those for 1943 drew their votes while Commissioners Taylor and Seale voted "no," making a tie vote and Judge McCormick voted "no" to break the tie and not raise to make provision for any raises in 1944.

Budget Adopted. The budget was adopted as presented on motion of Taylor, seconded by Gillen, with all voting ayes.

The county tax rate will be 44 cents per \$100 valuation, one cent lower than in 1943. The jury fund was reduced from three to two cents. The general fund receives 25 cents, road and bridge 15 cents, and permanent improvement two cents. The state rate has been lowered from 75 to 47 cents, but the average home owner is not affected under the homestead provisions as far as state taxes are concerned.

Road district levies are the same as last year except in four instances where reductions were made.

Reductions are in Consolidated Road District No. 1, 19 cents, down one cent; Blooming Grove, \$1, down 10 cents; District 10, Buffalo, 45 cents, down 15 cents, and District 14, Pursley, 9 cents, down one cent. Other road rates are two issues in District 5 and three cents; Barry 20, Frost 50, Dawson 20, Montfort 60, Kerens 20, Richland none, Rloe 70 and Winkler \$1.20.

Valuations this year are estimated at \$20,300,000 as compared with \$20,090,547 in 1943.

Other totals include: jury fund, \$21,100; road and bridge, \$119,700; general fund, \$82,100; salary fund, \$78,125, and permanent improvement, \$9,000.

Mrs. L. I. Griffin has gone to Miami Beach, Fla., to visit her son, Ensign Chas. Griffin.

COMMISSIONED. Adolph W. Weidmann, son of Mr. and Mrs. A. Weidmann, of 1520 West Fifth Avenue, Corsicana, Texas, has successfully completed his flight training at the Army Air Forces Pilot School, Luke Field, Arizona. At graduation ceremonies August 30, he received the Army Air Corps silver wings and a second lieutenant's commission in the Army Air Corps Reserve. He received his preflight training at Santa Ana, Calif., and pilot training with Flying Units at Thunderbird Field, Arizona and Gardner Field, Calif. He attended Corsicana high school and University of Texas.

Mr. and Mrs. M. J. Garrett, Mrs. H. E. Fluker, Mr. and Mrs. Charles Kent, and M. Kent of Roane. Mr. and Mrs. T. W. Fluker and son, Tommy, Mrs. Myrtle Fluker, Miss Betty Golden, Miss Molly Lou Blood, Miss Ina Lee Floyd, and Mr. and Mrs. O. L. Pitts and Jane.

Large Tract Federal Land for Homesteads After War Is Over

LOS ANGELES, Sept. 4.—(AP)—More than 300,000 acres of government land east of Imperial Valley will be thrown open for homesteading after the war, with veterans getting the first chance at it.

Paul Witmer, registrar of the U. S. land office here, said the land formerly was useless because of lack of water, but now access to the all-American canal has made it valuable.

The territory lies directly east of Imperial Valley and extends 25 miles along the international border and about 40 miles northwest. It is a few miles east of Holtville, Calif., and extends to the sand hills west of Yuma, Ariz.

Witmer declared yesterday that veterans would be given a 90-day preference when the land was formally opened by the secretary of interior.

Annual Meeting of Hamilton-Beeman Cemetery Assn. Soon

The Hamilton Cemetery Association will have its annual meeting early in October. Everyone having loved ones buried there are considered members. It is desirable of closing up the year's business soon. Those who wish to do so are requested to pay their dues.

BLOOMING GROVE WOMAN DIES HEART ATTACK IN DALLAS

BLOOMING GROVE, Sept. 4.—(Sp.)—Mrs. Myra Sue Sittin, 39, died of a heart attack Friday night at the home of her daughter, Mrs. P. R. Harrell, in Dallas, and the body will be brought here for interment tentatively scheduled for Tuesday.

Widow of the late Luke Sittin, she has been living in Hooker, Okla., but was visiting her daughter in Dallas when she was stricken.

Services will be conducted at the Central Baptist church here with interment in Rose Hill cemetery.

Surviving are two brothers, Brince Powell of Corsicana and Earl Powell of Hubbard; four daughters, Mrs. Jimmie Davis and Mrs. Harrell, both of Dallas, Mrs. Douglas Matthews of Houston, and Mrs. Coy Waxler of Missouri, and four grandchildren. She was a sister-in-law of Guy Sittin, Corsicana.

McCormick Funeral Home has charge of arrangements.

Maxine Gillen, student at the University of Texas, spent last week end with her parents, County Commissioner and Mrs. Drew Gillen at Blooming Grove.

P. E. HOLLOWAY DIED AT PAMPA; BE BURIED HERE

P. E. Holloway, age 61 years, died at Pampa Friday afternoon and the body will be brought here for interment. Funeral services will be held sometime Monday from the Corley Chapel and interment will be in Hamilton cemetery.

Surviving are his wife, Pampa; two brothers, Price Holloway, Corsicana; B. S. Holloway, Plainview; a sister, Mrs. Joe Magness, Corsicana, and other relatives.

Two Officers Report Corsicana Field for Short Assignment

Two new flying officers reported for temporary duty to Corsicana Field Saturday morning, it was announced today by Lieut. Louis R. Renfrow, public relations officer.

They are Second Lieut. John R. Banton of Miami, Fla., and Second Lieut. Robert C. Parsons of Fort Worth. Both flying officers reported to Corsicana Field from Eagle Pass. They will be here for 35 days duty, Lieut. Renfrow said. The officers and their wives are living in the Navarro Hotel.

Draft of Fathers May Be Necessary in Navarro County

If the customary Navarro county quotas for selectees are required in October for the armed forces, it was indicated Saturday that some fathers will be called.

It was stated at the Navarro County Draft Board No. 2 that fathers would be included in October if many are sent to the induction centers.

A different situation, however, was reported by A. B. Douglass, Jr., chairman of Board No. 1, who said that fathers would not be required by his board "unless we get a mighty big call."

Negroes Sent to Dallas.

Several negro prospective selectees were sent to Dallas Friday for physical examinations from Navarro County Draft Board No. 2. Several negroes from Navarro County Draft Board No. 1 went to Dallas Wednesday for examinations.

Sick and Convalescent.

Barney A. Jones is reported seriously ill at his home. Allie Mae Comer is a patient in the P. and S. Hospital.

A daughter was born to Mrs. C. S. Prater at the P. and S. Hospital Friday.

Dorothy Louise Stephens, Kerens, is a patient in the P. and S. Hospital.

O. E. McGinnis of Mabank Died Friday; Be Buried Dallas

Funeral services for O. E. McGinnis, age 58 years, who died at his home near Mabank Friday, will be held in Dallas Monday morning at 10 o'clock.

Surviving are his wife and other relatives.

Corley Funeral Home is in charge.

Braun of Powell and Mr. and Mrs. D. H. Ray of San Antonio; and the great-grandparents, Mr. and Mrs. W. H. Ray of Corsicana and Mrs. M. E. Balen of Pursley.

Frost to Elect Mayor

FROST, Sept. 4.—An election will be held here Tuesday to name a successor to Dr. Ed L. Evans, mayor, resigned. The balloting will take place at the city hall.

This advertisement should never have been written

There should be no need for any writer sitting down to his typewriter and hammering out phrases telling you why you should buy War Bonds.

There should be no need for hundreds of advertisements like this asking you to buy your share of Bonds, to lend your money to insure the Victory.

The men who are doing the fighting for us . . . the men who are dying, cannot understand why there should be any necessity to plead for the use of your money . . . money that is desperately needed to provide the weight of metal and manpower that will hasten the winning of this war.

If you are already lending 10 percent of your pay check . . . top that 10 percent . . . If you aren't lending 10 percent . . . ask yourself why. . . Ask yourself if your need is greater than your Country's. Figure it out yourself . . . and then boost your Bond buying through Payroll Savings.

YOU'VE DONE YOUR BIT --- NOW DO YOUR BEST!

BOOST YOUR BOND BUYING THROUGH THE PAYROLL SAVINGS PLAN

CORSICANA, TEX., SEPT. 7, 1943

OVERSEAS CHRISTMAS

Christmas parcels for the Navy, Marine Corps and Coast Guard will be accepted by the Post Office up to Nov. 1. But for the Army overseas, Oct. 15 is the last possible date. September 15 is better.

Those knives, now. Every fighting man, says the Superintendent of Mails, seems to want a knife to carry. They ask for good, stout hunting knives. And that's all right, if they do not exceed 15 inches in length. If longer, the P. O. cannot accept them. The best ones advertised range from eight to twelve inches in length. That's handy to carry, cuts anything, cleans fish and is generally useful.

Other things that cannot be mailed are intoxicating liquors, which the P. O. doesn't even return. It confiscates them. Matches or other inflammable matter, lighter-fluids, any kind of poison or composition which may kill or injure a person or damage the mails are all forbidden. Send no perishables. Keep the cake for the post-war party. Seawater does not improve it, nor being nibbled on the way.

Don't send checks. P. O. money orders are the thing for gifts of money.

Only one parcel in one week can be sent by the

same person to the same person.

The length and girth of the package added together must not be more than 36 inches, nor the weight more than five pounds.

The P. O. would like to have this newspaper print something like this every day. But newsprint would not allow, even if the editor thought people would read it every day. They wouldn't. So clip this and keep it handy.

BRITISH-AMERICAN

The recent meeting of President Roosevelt and Prime Minister Churchill at the famous citadel in Quebec, as newspaper readers observed, aroused immense enthusiasm in that region—which to Americans, and even to most Canadians, seems rather remote. And Americans were rather surprised by the outburst.

Well, even Britishers like to let themselves go occasionally. But in this case it should be observed that the show was in a region predominantly French. And Frenchmen anywhere, of any degree, are more capable of generating vocal enthusiasm than Englishmen. This is true even of the half-Americanized British population of southern Canada, which is the group that Americans know best.

It usually surprises Americans, vacationing across the northern border, to find how calm and uncommunicative the average Canadian is. He is friendly, but he seldom talks for the sake of talking, and he doesn't go out of his way to impose his opinions on anybody. Outwardly those elderly men standing around the village store or the postoffice, in the evening—there are no young men now—seems so uncommunicative that a stranger from the States might suppose they had no ideas or information. But they are merely not intruding their opinions. Friendly approach and inquiry reveal that their minds are active.

Edgar A. Guest

The Poet of the People

CHANGE OF DRESS.

On this world men call a stage
What is growth and what is age?
Are they phases other not
By a change of hat and coat?
Once a knickerbockered lad,
Then a youth in trousers clad,
People see his raiment gay.
"Growing up!" he hears them say.
Then an older man appears,
Dressed to suit his weight of years.
Next comes age, and even that
Wears a different coat and hat.
Old? Be happy none the less!
Age is just a change of dress.

They usually known very well what is going on in the world, and have clear opinions about it. More clear, perhaps, than Americans. The British are like that.

FIGHTING FATHERS

This drafting of fathers, however anyone looks at it, is a perplexing problem. But it is one which should be considered rather by logic than by sentiment. There is little sentiment in war—only a big, hard job to be done, and the providing of enough men of the right quality to do it.

The United States is fortunate in the quantity and also the quality of its available man-power. So far the policy has been to let boys and unmarried men do the fighting. And the result is an army consisting mainly of boys, fitted at 18 to fight for their country. The fighting ideal seems to match the college football age. When it comes to older men, there is a big argument.

"Congress will not stand by and see families broken up," said Representative Dewey of Illinois the other day. "Everyone at home in Chicago is extremely agitated over the question." And Representative Cannon of Florida observed: "A violent disruption of family life would result. We've got more men in the army now than it appears we will need." More will be known

READY FOR THE COMMANDO PERFORMANCE

about that later on. So far, at least, General Eisenhower and his experts have seemed to know what they're about. But when an intelligent observer tries to be honest and dispassionate about such a problem, it is impossible to rule out the prospect of many a corps of married patriots marching off to their duty before this engulfing war is over.

LOUIS MOUNTBATTEN

The new commander of the United Nations in Southeast Asia is the grandson of a German prince. Lord Louis Mountbatten has, as commando leader in Europe, given the Nazis such hearty blows that no one would suspect him of

having German blood. Yet his grandfather was Prince Louis of Hesse, and his father, Prince Louis of Battenberg, was born on German soil.

Prince Louis of Battenberg had an interesting career. Coming to England as a boy, he was naturalized and entered the navy. At outbreak of war is 1914 he had risen to the post of First Sea Lord, the highest technical position in the fleet. Over him was a civilian minister named Winston Churchill. Through the efficiency of Prince Louis and of Churchill, the British navy was mobilized and ready for action when the war started. Yet the British public could not forgive Prince Louis' German

name and origin, and forced his resignation. He changed his name to Mountbatten, its English equivalent, and died in 1921. Now his son is carrying on his work in a different field, and will lead Allied forces in South-eastern Asia.

Another enemy of the Nazis has a name that suggests an ultimate German origin. His name is Eisenhower.

Grease Salvage Committee Named

Dr. E. F. Waters, President of the Lions Club has announced the following committee to work on the Grease Fat Salvage campaign that the Club has under way at the present time: Jester Pittman, Gabe Goldberg and Basil Coe. This committee will announce their plans at the regular meeting of the Lions Club Tuesday noon.

CORSICANA IOOF VOTES PURCHASE ADDITIONAL BONDS

Corsicana Lodge No. 63, IOOF, voted Thursday night to purchase \$3,000 of U. S. Bonds in the campaign beginning next week toward the quota of \$3,082,700 for Navarro county. Secretary L. F. Flynn and Treasurer J. I. Ellett were authorized to purchase the bonds at the opening of the Third War Loan Drive.

This purchase will bring the total amount of bonds bought by this lodge to \$13,000. J. V. McDaniel was awarded a 25-year membership button Thursday night, the presentation being made by John C. Hughes, now a member of the board of trustees of the Grand Lodge of Texas, IOOF and LOOF Homes.

The initiatory degree was conferred on two candidates. An open house program is scheduled at the IOOF hall Friday evening, beginning at 8 o'clock, with Odd Fellows, Rebekahs, their families and guests expected to be present. Refreshments will be served.

MRS. J. R. BEENEFIELD DIED ON THURSDAY; BURIAL ON FRIDAY

Funeral services for Mrs. J. R. Benefield, who died at the P. and S. Hospital Thursday evening were held from the Corley Chapel Friday afternoon at 4 o'clock. The rites were conducted by Rev. Mr. Goodin and interment was in Providence cemetery.

Surviving are her husband, Mildred; two sons, R. L. Benefield, U. S. Navy; W. E. Benefield, Corsicana; five daughters, Mrs. W. H. Ogburn, Roanoke; Mrs. C. A. Ford, Corsicana; Mrs. W. J. Burnham, Corsicana; Mrs. J. T. Hamill, Cadogan; Mrs. G. R. Warner, Corsicana; a brother, J. Q. Gresham, Myrtle, Miss, several grandchildren and other relatives.

Palbearers were Cecil F. Allen, W. H. Ogburn, C. A. Ford, W. J. Burnham, J. T. Hamill and G. R. Warner.

Mrs. George Baker was a guest Mr. and Mrs. Johnnie Mills of Kerens had as their guests last Sunday, Mr. and Mrs. Dick Etheridge and Mr. and Mrs. John H. Etheridge of Corsicana.

MEMBER CHENAULT'S BOMBER FORCE HAD INTERESTING TRIP

**URNS PLANE OVER TO
CO-PILOT, AIDS WOUNDED
GUNNER, DOWNS JAPS**

JACKSON, Miss., Sept. 6.—(AP)—An account of how a graduate of the 62nd flying training detachment at Madison turned the controls of his heavy bomber over to the co-pilot to administer first aid to a wounded gunner, then himself manned the gun to bring down three Japanese planes was told in a breezy, vivid letter received by Albert V. Craig, flight instructor at the school this week.

Flight Officer Henry B. Tyra, Jr., former aviation student at Mississippi Institute of Aeronautics, who is a member of General Chennault's 14th Air Force in China, wrote of the incident:

"I have 42 missions to my credit now. My ship, 'The Little Stinker,' has always come out on top but recently I thought she was going to come out second best. "About 20 zeros jumped our formation just after we had bombed our target. The co-pilot took over, and one of my gunners was wounded and I was in the back patching him up when a Nip So-and-so put a slug between my legs and hit my parachute. Then another came in on the side and one of his bullets hit a glancing blow on my pistol belt, tearing a hole in it.

"Well, as it was the only pistol belt I own, I got a wee bit peeved. I grabbed a waist gun and started slinging slugs back their way. One came in for a head-on attack and the honorable Son of Heaven found himself trying to spit out a mouthful of slugs along with his teeth. The ship burst into a ball of fire and old Mother Earth cradled her to her bosom, not very gently.

"Knocked Down Three. "I looked down three of them. All of us together got 17. It was a long range raid and we didn't have a fighter escort. "They punctured my life tire, shot away the hydraulic and electrical lines, put the number two engine out and 25 holes through various parts of the fuselage. We had to make a crash landing when we got back to our base, but old Lady Luck was on our side and she landed us safely (the ship was not old Lady Luck). Thanks to our efficient, hard-working ground crew, she was back in the air, seeking revenge for her wounds, in six days.

"He added the following: "P. S. This damned envelope is large enough for three letters, a map, a will and a copy of the Ladies Home Journal but it's all there is available at the present time. Oh, I was awarded the air medal for that deal."

Flight Officer Tyra is a native of White Face, Texas.

SEVEN CHARGES OF VIOLATING ARTICLES OF WAR BY OFFICER

SELFIDGE FIELD, Mich., Sept. 6.—(AP)—Seven charges of violating the articles of war were lodged against Col. William T. Colman, former commander of Selfridge Field, at the opening of a general court martial against him today. He immediately pleaded innocent on all counts.

One of the charges accused him of fraudulently obtaining the transfer of eight members of the military personnel, including Lt. Benson Ford, grandson of Henry Ford, to Selfridge Field. Lt. Ford, the second son of the late Edsel Ford, now is serving in the armed forces induction center in Detroit.

Another charge against Col. Colman accused him of assault to do great bodily harm in the shooting of Pvt. William R. McRea, 24, negro soldier-chauffeur. Col. Colman was relieved of his command after the shooting of McRea on May 5.

Other charges included: Misappropriation of government property; careless discharge of a pistol in the wounding of McRea; and acceptance of the gift of a vacation lodge near Oscoda, Mich., from a corporation engaged in installing prefabricated buildings at Selfridge Field.

Col. Colman was accused of accepting the lodge on October 2, 1942, from Herman Grasse, representative of the Alladin Co., subcontractors of Bay City, Mich. Grasse is the father of two non-commissioned officers serving at Selfridge, both included among those for whom Colman is charged with obtaining transfers.

Ten full colonels comprise the

GARRISON'S BOLT SHOT, ISLAND DEFENDERS SURRENDER—Italian soldiers garrisoning the island of Ustica, off Sicily, toss the bolts of their rifles on a landing, rendering them useless, after the fall of the island to the Allies. Ustica capitulation is miniature of larger-scale Sicily campaign. Note Allied invasion ships off shore. (AP photo from U. S. Navy.)

BEST FIGHTERS IN ITALY SURRENDER WITHOUT FIRING

By BILL WILSON
Representing the Combined
British Press.

Distributed by Associated Press.
WITH CANADIAN FORCES in Italy, Sept. 5.—(Delayed)—An entire battalion of Italian Bersaglieri, who have a better reputation than most Italians as fighters, walked up to Canadian forces along with their commander today and surrendered without firing a shot.

A 75-millimeter Italian gun commanding a landing beach likewise surrendered without firing. A staff officer returned to headquarters accompanied by the Italian Colonel and 85 prisoners.

The welcome the Italian civilians gave to the invaders was even more enthusiastic than was received from the Sicilians.

A Canadian officer, Capt. G. M. Sprung, whose patrol advanced ahead of the infantry and reached an area where the Germans had retired only an hour earlier, told me:

"Beyond anything we saw in Sicily the Italians are glad. They hide in doorways with white flags and when they learn you are English they just fall on your neck and you have men kissing you on both cheeks."

BELIEVED PLANS OF DEFENSE ITALY WERE CHANGED QUICKLY

By RALPH ALLEN
Representing the Combined
Canadian Press.

(Contributed by The Associated Press.)
ON THE SICILIAN COAST, Sept. 5.—(Delayed)—The almost-inconceivable passivity encountered before Reggio Calabria's fine natural breastworks suggests a last-minute change in the enemy's defense plans for the toe of Italy which may have been dictated by many reasons.

Italian soldiers surrendering with even greater alacrity than in Sicily say they had orders to lay down their arms. Nevertheless the unanimity with which they appeared with ready-made white flags and belongings packed in best civilian suitcases is too impressive to be written off as coincidence.

The Italian army appears definitely in a state of mutiny. A complication behind the German hasty withdrawal is that, recognizing the complete futility of looking to their allies for assistance, the Nazis revised the whole defensive scheme at the last minute.

tribunal hearing the charges. The army relieved Col. Colman of his command after the shooting and wounding of Private William McRea, 24, a negro who had been assigned as his chauffeur. An official statement from the air base at the time said McRea was "allegedly shot by" Colman. McRea has recovered from his wound.

Mrs. Fred M. Allison, Jr., and Fred III, are living at the Navarro Hotel for several weeks, while Mr. and Mrs. F. M. Allison, Sr., are on a trip.

Mrs. Roscoe Cook of Mexico and John Cook and Mr. and Mrs. Clem McClellan of Houston were week end guests of Mr. and Mrs. Boyce Martin.

Suit the Kiddie

by Anne Adams

School time is suit time for small fry. And how they do it on them! You can make Pattern 4516 of contrasting fabrics or all from one piece. Front pleats provide ample skirt fullness. Note suspender straps that keep skirt in place.

Pattern 4516 is available in children's sizes 2, 4, 6, 8. Size 6 takes 1 yard 54-inch fabric, and 1 yard contrast; size 8, all one fabric, takes 1-5/8 yards 54-inch fabric.

Send sixteen cents in coins for this pattern. Write plainly size, name, address, style number.

Just out! New Fall and Winter Pattern Book. Send ten cents extra. Free glove and bag pattern printed in book.

Send your order to The Corsicana Daily Sun, 41. Pattern Department, 243 West 17th St., New York, 11, N. Y.

SEVEN KILLED AND SEVEN INJURED IN HIGHWAY ACCIDENT

EASTMAN, Ga., Sept. 6.—(AP)—Seven persons were killed and seven seriously injured on a highway near DuBose last night when an automobile ploughed into a crowd gathered at the scene of an automobile accident.

Henry Hill, white farmer living near DuBose, and six negroes were killed. The seven seriously injured also were negroes. They were returning from church services and had stopped at the scene of a minor crash.

Sheriff J. C. Lewis of Dodge county, said an automobile driven by Charlie Dunn, a sailor, of Sparta, Ga., crashed into the crowd. Glaring headlights of one of the cars blinded Dunn, the officer said, and the sailor failed to see the crowd standing nearby. The officer said no charges were placed against Dunn, who is stationed at Jacksonville, Fla.

Four of the dead negroes were men and the others women. A number of other negroes were injured slightly.

Frenchmen Receive DSC, Silver Stars for Gallantry in Tunisia

ALGIERS, Sept. 6.—(AP)—Two Distinguished Service Crosses and six Silver Stars were awarded today in the first decoration of French army enlisted men by the U. S. Army since the first World War.

The decorations, all won for gallantry in action in Tunisia, were presented by Maj. Gen. Everett S. Hughes, deputy American theater commander in North Africa, acting on behalf of General Dwight D. Eisenhower.

SHORTAGE MANPOWER ON WEST COAST HAS BROUGHT CONTROLS

WASHINGTON, Sept. 6.—(AP)—Manpower shortages in vital aircraft and shipbuilding plants on the west coast have prompted the government to establish tight labor controls in the area.

The program, announced by James F. Byrnes, War Mobilization Director, becomes effective Sept. 15. If it proves successful on the West Coast it may be extended to other areas.

Byrnes said the government is prepared to slash production of other war and civilian goods if necessary in order to insure an adequate labor supply for the aircraft and shipbuilding industries.

The War Manpower Commission has broad powers to "encourage and facilitate transfer of workers from less urgent work either by direct recruitment or by requiring releases from non-essential employment."

The new program provides for a mapping of production schedules by the War Production Board to meet the available labor supply and for establishment of an area urgency production committee to suggest changes in production schedules.

Other main points in the program include the setting up of manpower priorities and allocations, under WMC supervision, to rate factories according to their importance to the war and to recruit the maximum number of employees any employer may hire.

In another week end manpower development, Joseph B. Eastman, director of transportation, urged that railroad men work maximum hours and call for the end to "full crew" requirements and mileage limits on train jobs.

General Marshall Reported Chosen Lead New Front

WASHINGTON, Sept. 6.—(AP)—The Evening Star says it has learned on the highest authority that General George C. Marshall, chief of staff, will be named commander in chief of the allied forces in the European theater to direct any invasion from England.

Although Marshall's successor has not been chosen, the Star says in a story by Constantine Brown, the choice probably lies between Gen. Eisenhower, commanding general of the Army Service Forces, and Gen. Dwight D. Eisenhower, allied commander in the Mediterranean.

Eisenhower, the newspaper said, appears to be the favored candidate for the job, and moreover, is one of Gen. Marshall's favorites.

Selection of Marshall to command the invasion forces, the Star says, is a clear indication that preparations for operations across the English Channel are sufficiently advanced to select a leader for the troops who will participate in the assault on the European fortress from English bases.

British and Greek Officers Arrange Unified Command

LONDON, Sept. 6.—(AP)—British and Greek staff officers, traveling by secret routes in one of the most daring exploits of the war, have conferred with Greek guerrilla and patriot leaders in the heart of axis-held Balkan territory and perfected plans for a unified command and the supply of war materials.

The officers left Cairo for the rendezvous with 600 leaders representing more than 50,000 patriot fighters and in a three-day conference arranged a long-term policy to match the battle plans of the Allied Middle East Command.

It has been estimated that there are about 150,000 guerrilla troops actively fighting the axis in the Balkans.

Mexico Included Governor's Itinerary

EL PASO, Sept. 6.—(AP)—Gov. Coke Stevenson today announced he had accepted the invitation of the Mexican government to extend his good neighbor tour to include Mexico City.

The governor tomorrow enters Mexico on a tour which originally was planned to include only the four Mexican border states of Chihuahua, Coahuila, Nuevo Leon and Tamaulipas.

TEXAS WAR WORKERS CELEBRATED LABOR DAY ON JOB MOSTLY

**MINIMUM OF FANFARE
AND MAXIMUM OF PRO-
DUCTION REPORTED**

By The Associated Press
Texas war workers today took another hitch in their belts as they observed Labor Day with a minimum of fanfare and a maximum of production.

Dallas workmen stuck by their jobs today as did all union members and other workers in Fort Worth, who pledged to work today as usual in war factories and on projects related to the war effort.

San Angelo's labor unions marked the traditional observance of Labor Day as a casualty. A number of business houses were closed.

In Denison skeleton crews handled today's six ballroads and in general the city shut up shop, with the parades and other festivities that marked the day in years past missing.

Houston reported that war plants were in full production. Main event of the day was to be the launching of the Liberty-type vessel Erastus Smith at the Houston Shipbuilding Corporation, with the main talk to be given by Railroad Commissioner Ernest O. Thompson.

Midland expected overflow crowds for the world championship calf roping and rodeo and in Corpus Christi the last performance of the Texas Roundup Rodeo was to be given.

Union workers at Corpus Christi war plants were asked to put in a full day's work today and 4,000 assembly and repair workers at the Naval Air Training Station volunteered to work an extra hour as their contribution to the day's observance.

A rally was to be held tonight at Corpus Christi to climax the Central Labor Union's month-long war bond drive ending today. The drive's goal was \$500,000. Sales through Saturday had reached \$300,000.

Port Arthur's war plants worked as usual today but city, county and federal offices and stores were closed.

The San Antonio Trades Council will sponsor a war bond dance tonight and special programs were to be held at three U.S.O. centers.

A Labor Day Victory Rally launching the third war loan drive at the San Antonio Army Service Forces depot was to be held this afternoon. The Victory pageant, conceived and staged by depot employees, was to be enacted by the employees.

CIVILIAN AMERICA FAT AND HEALTHY DESPITE WAR DIETS

WASHINGTON, Sept. 6.—(AP)—Civilian America is fat and healthy despite the stresses of wartime living. The national death rate for 1942, first full year of war, was 10.3 per thousand, lowest in medical history.

Two births were recorded for every death during the year. The national birth rate for 1942 was 20.7 per thousand, the first time in decades it has doubled the death rate.

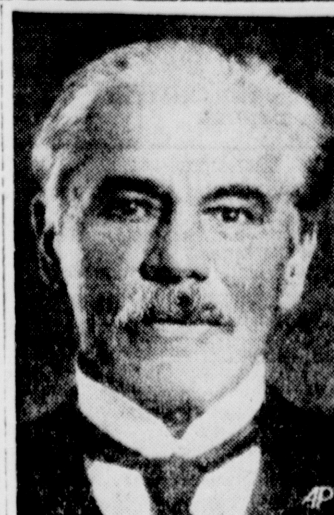

Data collected by office of war information from the U. S. Public Health Service, war manpower commission, and the federal works agency indicated a "generally favorable" picture of civilian health despite the rationing of doctor and nurse shortages and overcrowded housing facilities in industrial areas.

The survey showed the only communicable diseases above the normal 1942-43 level were meningitis, measles, diphtheria, and infantile paralysis and the dysenteries.

Up to mid-August, 13,368 cases of meningitis had been reported this year, larger than any full-year total since 1914, when national collection of health reports began. The highest full-year total was 10,551 recorded in 1919.

Infantile paralysis totaled 4,058 cases to Aug. 21, 1943, far above the 1,905 reported last year, and highest since 1924. Dysentery is about twice as prevalent in 1943 as in 1942, a condition the report attributed to shortages of help in restaurants and a consequent lowering of sanitary conditions.

Corsicana friends of Mrs. Edna Saunders of Houston will be interested in knowing that she entertained Claudio Arrau, distinguished Chilean pianist in her home on Friday. The artist was on route to New York from Mexico, where he had appeared in eight concerts.

ALES HRDLICKA

WASHINGTON, Sept. 6.—(AP)—Dr. Ales Hrdlicka, who came to America as a Czechoslovakian immigrant boy of 13 and won world renown as an anthropologist, died yesterday at his home here.

74-year-old scientist succumbed to heart disease after a week's illness. The funeral will be held Wednesday.

DEWEY WAS FIRST, SECOND AND THIRD ON REPUBLICAN POLL

CHICAGO, Sept. 6.—(AP)—Gov. Thomas E. Dewey of New York stood first, second, and third on the list of potential republican presidential candidates as disclosed in a privately-sponsored poll of delegates to the 1940 GOP National Convention.

The poll, conducted by James S. Kemper, insurance executive, put Dewey in first place with 35.52 per cent of the total vote despite repeated denials by Dewey that he has presidential ambitions for 1944. His closest rival for first choice of the delegates was Gov. Wendell L. Willkie, who polled 21.38 per cent.

Wendell L. Willkie, 1940 candidate stood third on the list of first choices with 17.59 per cent. Then came Gen. Douglas MacArthur, currently fighting a war in the Southwest Pacific, with 7.93; Sen. Robert A. Taft of Ohio with 5.52; and former president Herbert Hoover who was the first choice of 4.4 per cent of the delegates.

Dewey, however, was the second choice of 29.50 per cent of the delegates while Bricker was chosen by 19.16. MacArthur stood third in this listing with 15.71 per cent; Taft fourth with 9.96; Willkie fifth with 6.92 and Hoover last with 4.98.

The third choice spot also went to Dewey with 18.62 per cent of the delegates voting for him. Taft moved up to second place in this classification with 17.75 per cent of the delegates. Bricker was third with 17.32.

Willkie ranked the poorest candidate by 57.98 per cent of the delegates, with Hoover the second poorest by 11.70 per cent.

Good Rains West Texas; Losses of Cotton in Ellis

By The Associated Press
Good rains pelted areas of West Texas yesterday (Sunday) and floodwaters covered some of Ellis county's richest cotton land following Saturday's rain which ranged from five to 10 inches.

Water inundating several thousand acres destroyed about 50 per cent of the remaining cotton crop, said Hunt Dunnaway, ginmer at Italy, a levee on Chambers Creek broke, leaving the water which flushed out the I. and G. N. railway tracks north of Italy.

No rain fell in the county last night.

The heaviest rain in three months—4.1—fell in the Abilene territory late yesterday and heavy clouds promised more.

Bronte in Coke county got an inch. Showers fell at Robert Lee, Big Spring, Paint Rock, Ballinger and San Angelo.

The southern portion of Gillespie county has received good rains, Fredericksburg reported.

A week-end rain fall at Paris brought 49 inch which helped gardens but hurt cotton and corn.

Heavy showers over portions of Henderson county late yesterday helped but more rain was said to be needed. Stock water was depleted.

Total rainfall in Navarro county for the week-end was 1.64 inches and was general over the county. The rains were expected to revive pastures. Damage to open cotton was slight.

Russian Church and State.
MOSCOW, Sept. 6.—(AP)—Reconciliation of the Russian state and the church, estranged for 25 years since the revolution, was advanced yesterday with an official announcement that Premier Joseph Stalin had approved the calling of a congress to elect a patriarch of the Greek Orthodox church and organize the Holy Synod, administrative body.

The government announcement does not change the status of the church under the constitution of 1936 which guarantees freedom of religion in Russia but it signified that the state and church, long alienated, were drawing closer together.

Jack Stroube arrived by plane from his station in Washington, D. C. Saturday night to spend a four-day furlough with his parents, Mr. and Mrs. H. R. Stroube.

5 AP STAFFS IN ONE GET THE REAL WASHINGTON NEWS

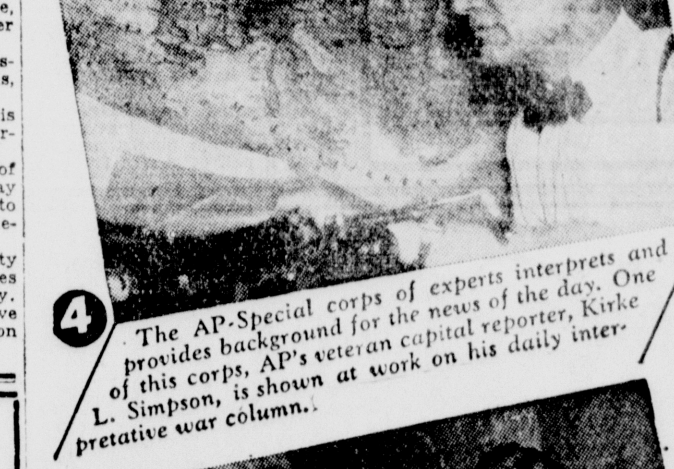

1 The General Staff covers the fast-breaking news, produces most of the national news headlines, many of the international. Here, Jack Bell, head of AP's international staff, talks informally with Senator Burton K. Wheeler of Montana.

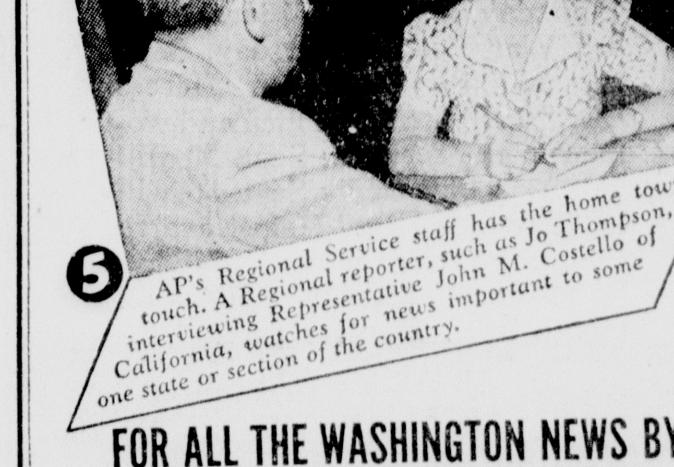

2 The Photo Staff flashes out to this and hundreds of other AP newspapers a running picture report almost simultaneously with that of the high speed printers. George Skadding is shown making another of his famous Roosevelt pictures.

3 AP Features' capital staff covers the human side of Washington—and more with such top flight reporters and columnists as Herman Allen and Jack Stinnett. AP Features' artist Milt Morris is sketching War Mobilization chief James F. Byrnes.

4 The AP-Special corps of experts interprets and provides background for the news of the day. One of this corps, AP's veteran capital reporter, Kirke L. Simpson, is shown at work on his daily interpretative war column.

5 AP's Regional Service staff has the home town touch. A Regional reporter, such as Jo Thompson, interviewing Representative John M. Costello of California, watches for news important to some one state or section of the country.

SEARS, ROEBUCK AND CO.

4th Ave. and Beaton St. Phone 2206 Corsicana, Texas

RAINFALL TOTALS 1.64 INCHES AND BROKE DRY SPELL

The total rainfall here over the week-end was 1.64 inches, breaking a long dry spell and an extended heat wave. All sections of the county report some rain, some more than others. The rain was heaviest in the western part of the county, and the lightest was in the vicinity of the city lake where .82 of an inch was recorded on the gauge kept at the city pump station.

Emhouse, Rice, Kerens, Boone, Richland and Eureka which reported only light rains early Saturday morning got good rains during the day and Sunday.

Frost, Blooming Grove, Dawson and Purdon got good rains Saturday morning and some additional rains Saturday and Sunday.

The rain fell slowly and all of the moisture was absorbed making the rain more effective than a heavy one would have been.

Grass on the laws here revived quickly and perhaps pastures will also be revived.

Cotton picking was a few days but a minimum of damage is expected to the lint as the rain fell so slowly and there was no wind to knock out the cotton.

BUDGET

CONTINUED FROM FIRST PAGE

500 in the 1942-43 budget. A total of \$4,520 was actually spent last year.

Reductions.

A reduction of \$500 is indicated in auxiliary agencies such as transportation and cafeteria expenses. The budget lists \$1,900 for these activities as compared with \$2,400 set up in last year's budget. Actually spent in 1942-43 under this item was \$3,446.

The new budget calls for a \$100 reduction in fixed charges for insurance and rent, from \$2,400 last year to \$2,300 this year. This item cost the school system \$2,174 last year.

Two items in the budget remain unchanged. Debt service for interest on borrowed money is set up at \$1,000 while only \$200 was spent last year. Maintenance of plants for upkeep of buildings and grounds remains at \$3,500 this year. A total of \$3,547 was spent last year on this item.

W. P. McCammon, president of the board of education, presided at Saturday's meeting. Members present included Mrs. Festus A. Pierce, Mrs. H. R. Struobe, Dr. W. K. Logston, J. H. Sullivan and Superintendent W. H. Norwood, ex-officio member of the board.

HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY
By VERONICA DENGEL

SHORT DINNER DRESSES

Short dinner dresses are in great favor for the Fall than they were for the spring. Naturally, with gas shortage we use subways, trolleys or taxis instead of

Notice the tiny touch of the blue as a piping on the short sleeve—and the little cut up effect at the edge of the sleeve. Such details lend more importance to a

Blue and pearl embroidered in a black dress is most effective.

our own cars—and short skirts are much to be desired in preference to long skirts. However, there must be something festive about your frock to mark it as after-dark correctness for party atmosphere. Here is a perfect example of a dress which you never wear will become the most expensive item in your wardrobe regardless of how little you pay for it.

All requests for personal "Health and Beauty" column, followed by Veronica Dengel's column, must be accompanied by a fully self-addressed, stamped envelope (4x6) addressed: Veronica Dengel in care of the newspaper.

frock and often it seems more expensive, although it may not be. There are not as many things to choose from—so make your choice wisely. This is an important year to observe my old rule—don't buy in haste and repent at leisure, because that dress which you never wear will become the most expensive item in your wardrobe regardless of how little you pay for it.

LABOR DAY ONLY PARTIALLY OBSERVED CORSICANA MONDAY

Only a partial observance of Labor Day was carried out in Corsicana Monday. No program was rendered.

All departments of the court house, except the law enforcement agencies and the district court and district clerk's offices were closed all day.

The postoffice observed a half holiday, with the windows open until noon. One delivery in the city was made and no deliveries were carried out on the rural routes.

Some merchants and offices were closed Monday, but there was not any general observance.

The Retail Merchants Association did not observe the holiday and neither did the city hall. Local manufacturing concerns with war contracts continued on the regular schedule.

The banks were closed.

Currie H. D. Club Met Friday With Mrs. Pauline Jones

The Currie Home Demonstration Club met September 3 in the home of Mrs. Pauline Jones with eight members present to make final plans for the Food and Freedom Exposition in Corsicana Sept. 13-18.

The club will serve dinner at the exposition on the opening day. An annual meeting will be held in October.

Refreshments of ice cream and cake were served the following members: Mrs. M. Williams, Odie Williams, John Harris, Fred Whitehead, Preston Wilson, Willie D. Gunn, Pauline Jones and Miss Donnie Abbe. Mrs. Crutchfield, Mrs. Lohart and Miss Bonnie Crutchfield were visitors.

The next meeting will be with Mrs. John Harris on September 17.

BIG BEND

day good neighbor tour, noted that representatives of the state government were present, in addition to a large number of wagons, horses, mules, buggies and surreys, the parade chairman said.

"Anybody owning a horse who wants to ride in the parade should get in touch with me," Prince said.

"All the cowboys and cowgirls who will perform in the rodeo, trick riders, fancy ropers, and clowns will be in the parade, in addition to a large number of wagons, horses, mules, buggies and surreys," the parade chairman said.

One special feature will be seven white horses ridden by the girl sponsors from each of the surrounding counties and an additional seven white horses ridden by other persons. Flags of the United States will be carried in the parade, Prince declared.

The cadet corps from Corsicana Field has been asked to march in the parade.

"Anyone in the county who wants to be in the parade or has an idea for something to show in the parade should call me," Prince said.

Meanwhile, the rodeo arena and exhibition buildings at the fair plant have been put in shape for the five-day fair and all preparations were moving forward under the direction of Robert G. Dillard, fair manager.

Dillard reported that entries in the various contests are being received daily, that exhibition space in the buildings is being taken up and indications are that despite the war, this year's exposition will have some of the finest exhibits in recent years.

Practically all arrangements have been completed for a fast moving, streamlined rodeo with some of the top-ranking performers signed up in both the professional and amateur divisions. At their disposal the performers will have a selection of wild broncos, Brahma steers and calves for the five night rodeo events. A number of specialty acts have been booked.

"Yes, dear, I think you look wonderful in your uniform!"

FAIR RODEO

LANDINGS

CONTINUED FROM FIRST PAGE

ship's rail where he was ill. He returned to his post, still pale, but determined and helped to put up an ack-ack barrage against the attacking Japanese planes.

Quickly, Allied fighters took after the enemy and drove them away.

The doors of the landing craft swung open and out poured Aussie astride bulldozers, jeeps and afoot. American engineers, who landed earlier behind the Australian attack troops, spread steel mats on the beach. The bulldozers immediately began to cut roads through the jungle and the jeeps so on. One Australian officer rolled up and down a mat in a jeep, shouting orders. Foot soldiers walked to the edge of the jungle, deposited their gear and returned to unload the ships.

Carefully Rehearsed.

The invasion had been carefully rehearsed and completed without a bobble. Ships in the flotilla, many manned by American naval reserves, risked a night crossing in reef-studded Huon Gulf to reach shore by daylight. They passed within a few miles of Salamaua, hard pressed by another Australian force, and headed for landing places near Lae, within 20 miles of Salamaua.

As the first faint light appeared in the east, Japanese watchers along the coast sent up frenzied rockets, but the Nipponese garrisons were too hard pressed by the Allied air force to give any resistance to the landings, except for the one raid by three planes a few minutes after the landings had been made, a heavy force of Allied bombers swooped in low and pounded Lae with heavy bombs, some so large that concussion could be felt by the landing parties.

Expected Opposition.

The air force scored several hits and smoke from bombs rose from Lae as a pall of smoke from shell

AERIAL

CONTINUED FROM FIRST PAGE

The Germans reported 21 four-engine bombers were shot down. The Rhineland and airfields in Northern France and Belgium also were raided by the night force, and an enemy motor torpedo boat and a minesweeper were destroyed in the channel.

Thirty-five Planes Lost.

Thirty-five planes were lost by the British, 34 of them bombers. Mannheim and Ludwigshafen are the site of important factories producing armor plate, chemicals and Diesel motors and have a combined population of 400,000. It was the 55th raid on the twin cities, which were last hit on Aug. 9.

Mosquitoes of the RAF lashed at the Ruhr and Rhineland Saturday night and the Americans took up the offensive by day yesterday. U. S. Eighth Airforce Marauders struck at railway yards in Ghent, Belgium, yesterday morning with what a communiqué described as "good results."

Woensdracht, Dutch sea coast town near the Belgium border, was the target of RAF bombers. Yesterday's raids were covered by RAF and Canadian fighter planes and stirred up strong Nazi

NEW FEMALE SEX HORMONE BE HEALTH AID ACTIVE WOMEN

By FRANK CAREY
Associated Press Science Writer.
PITTSBURGH, Sept. 6.—(AP)—
Synthesis of a new female sex hormone—described as a potential health aid for women enrolled in the WACS, WAVES and other enlistment services, as well as those engaged in war industry—was announced today to the American Chemical Society.

Dr. William M. Mallory, president of Uniford Laboratories, Inc., New York, who produced the new compound, said there was a further possibility it might be useful in aiding the healing of wounds. He told chemists attending the opening of the society's 106th meeting that the new hormone is called "thioestron," it was prepared by combining sulfur with "estron," the natural female hormone which is found in the sex glands.

A hormone is a kind of chemical messenger which stimulates some tissue or organ into greater activity or helps to regulate its activity.

Natural female sex hormones can be extracted from waste products of the human system during pregnancy, and doctors have found that preparations of it can be administered with beneficial results to women suffering from sex defects or ailments.

Dr. Mallory said that in experiments with mice which had their sexual organs removed, the administration of extremely minute doses of thioestrons had stimulated marked sexual activity.

"The special significance of the new hormone is not yet clearly defined," he said, "merely because it is so new."

There is no doubt, however, that it will be of some importance in maintaining the health level, both of enlisted women and women workers in war plants. It will save women hours.

Other chemists at the meeting, commenting on the report, declared that conceivably the hormone might be beneficial to women approaching a physiological change in life, and to those whom suffer difficulties during times of periodic female illness.

JAMES M. JENKINS DIED AT STREETMAN SATURDAY NIGHT

Funeral services for James M. Jenkins, age 88 years, long-time resident of the Streetman community, who died at his home Saturday night, will be held from the First Baptist church at Streetman Tuesday afternoon at 3 o'clock. Revs. W. M. White and O. B. Barton will conduct the rites and interment will be in Birdston cemetery.

Jenkins, a native of Hill county, moved to Streetman 68 years ago. He was a prominent landowner and cattleman and was well known in that section. He had been a deacon in the Baptist church for 40 years. He was also active in civic affairs.

Surviving are three sons, O. L. Jenkins, Hamlin; F. B. Jenkins, Streetman; M. J. Jenkins, Streetman; six daughters, Mrs. C. P. Waters, Briscoe; Mrs. M. S. Smith, Streetman; Mrs. N. L. McVey, Streetman; Mrs. Floy Callahan, Dallas; Mrs. W. A. Dixon, Houston; Mrs. W. P. Pillans, Charlotte, N. C.; a brother, J. J. Jenkins, Lornzo; several grandchildren and other relatives.

Funeral services will be Ray D. Bose, Harrell Owens, John Sims, George Sims and Thomas Sharard.

Corley Funeral Home will direct the arrangements.

FUNERAL SERVICES HERE MONDAY FOR P. E. HOLLOWAY

Funeral services for P. E. Holloway, age 61 years, who died at Pampa Friday afternoon, were held from the Corley Funeral Home Monday afternoon at 3 o'clock. Dillard W. Thurman, Church of Christ minister, and Rev. Jack Goff, pastor of the Northside Baptist church, conducted the rites. Burial was in Hamilton cemetery.

Surviving are his wife, Pampa; two brothers, Price Holloway, Corsicana; B. S. Holloway, Plainview; a sister, Mrs. Joe Magness, Corsicana and other relatives.

Palbearers were John G. Newman, R. L. Holloway, B. Holloway, Ernest Holloway, Muriel Holloway, Vance Holloway and Elmo Bristow.

Rites Monday for Rev. O. E. McGinnis Of Mabank in Dallas

Funeral services for Rev. O. E. McGinnis, who died at Mabank Friday, were held from an Assembly of God Church on Morris street in Dallas Monday morning at 10 o'clock. Burial was in Laurel Land cemetery.

Rev. Mr. McGinnis was formerly pastor of the Assembly of God Church here.

Surviving are his wife and other relatives.

Corley Funeral Home directed the arrangements.

Cemetery Meeting.

The Black Hills Cemetery Association will meet at the church Thursday night at 8:30. It has been announced. All members and others interested are urged to attend the meeting.
